Mintage: 1,888

Country of Issue: Burundi

The Coin

New designs of our successful Lunar series with natural precious Jade! A symbol of power, strength and nobleness. The Dragon is often considered the most highly revered zodiac animal of all in traditional Chinese culture. Two Dragons appear on the coin's reverse – one engraved, and one carved in jade – while the obverse boasts a dazzling hologram effect. Note: Jade is a natural stone, so the colour may vary.
